

URC-300™ Transceiver Software Update Version V1.2.0 Now Available

Software version V1.2.0 is now available for URC-300 transceivers. Customers are encouraged to update their URC-300 transceivers, when convenient, to take advantage of the software enhancements that include FM Voice in VHF and UHF bands. The V1.2.0 update is included at no cost with the standard warranty.

Please contact our Customer Service team directly at URC300Support@gd-ms.com, or (888)-803-0065, to obtain the software and installation instructions. For additional information on the software-defined URC-300 Transceiver please visit our [URC-300 product page](#).
